PRAYER FOR THE SAFETY OF  
PRIESTS, NUNS AND CATECHISTS IN

# Burma-Myanmar

Dear Lord, look upon our brothers and sisters in Myanmar, who experience the constant fear of shelling, hunger, lack of electricity and restrictions on communication.

Often, they have to walk long distances, through dangers, but, in spite of everything, they do not give up on their mission.

They don't stop and they don't stay at home, but courageously continue to carry your message of hope.

We pray for their protection, O Lord, guide each of them on their way, give strength to their hearts and multiply their efforts for the good of their community.

Their devotion to Mary and the recitation of the rosary is their refuge, their guide in the midst of adversity and their source of comfort in times of despair.

Pour out your peace on them, inspire their formation and their mission, so that they may continue to carry the light of your love, even in the most distant and difficult places.

Make their flexibility and spontaneity to be your instruments, Lord, in spite of restrictions and conflicts.

Bless them in their work, strengthen them in their faith and accompany them every step of the way. Amen.
