PRAYER FOR VOCATIONS IN

Myanmar

P R A Y E R F O R V O C A T I O N S I N

Myanmar

Lord of life, in the midst of difficulties, your grace and love continue to work with power. A religious sister wrote to us at ACN, thanking you, Lord, for your answer to her congregation's intense and untiring prayers for new vocations since 2018.

The sister recounts that young women, due to the conflict, have come to their convents and communities to seek refuge and they are open to know your call and your mission.

Among the refugees, where the sisters serve with humility and sacrifice, vocations have also been arising, young people who, seeing this dedication, are inspired to follow this path.

We have also heard of the ordination of new priests, even though many dioceses have been evacuated, some formation houses had to be closed, and many parishes are deserted.

Please, Lord, we ask you to strengthen the vocation and perseverance of all of them. May the aspirants, novices and seminarians remain steadfast in their calling, guided by your spirit.

Bless them, O Lord, on this journey, accompany them in their steps and help them to persevere in your love, today and always.
Amen.
